

If cleaning-up from pick-guard only-Its easiest to apply mineral spirits with a q-tip. Allow a few minutes for spirits to penetrate pad. **CAUTION:**  
**DO NOT APPLY MINERAL SPIRITS TO FINISHED SURFACES!!!**

Scrape pad and residue from pick-guard surface.

Apply warm-water rinse with moistened cloth or paper towel. Dry with dry cloth or paper towel

If removing RunBarr posts from a finished or painted surface, finish protectors are designed to simply peel off. The protector strips are cut from the same material as clear pickguards found on high-end acoustic guitars. Manufacturers advise Naptha application *if* any residue remains.
